Course Status: Compulsory

Course Code: 309

Number of hours: 3+2

Academic Year: 2026/2027

Semester: VI

Teacher: Mr. Sumeja Jonuzi Xani

Purpose and brief content of the course:

The purpose of this module is to provide third-year students with knowledge of the basics of the intermediate level of the Arabic language from the perspective of theory and practice. The Arabic language, as the main subject of this Faculty, is given special importance because it is the source language of the Quran and Hadith, religious subjects, the language of the literature of the Arab civilization and Arabic literature. Through this course, the student is trained in spelling and correct speech. The use of dictionaries enables them to translate from Arabic into Albanian and vice versa.

The purpose of teaching this course is to enable the student to acquire these skills: Language skills, communication skills and cultural skills. The course includes: listening, communication, reading, writing and translation. The three linguistic factors are:

1. Sounds (as well as other phenomena related to sounds).
2. Words (and expressions in context and as terms).
3. Grammatical formulations (with a certain amount of grammar, morphology and diction):
4. Translation of texts from Arabic into Albanian.

Expected learning outcomes:

After completing this semester, the student will be able to:

Know the basics of the Arabic language in a decent way.

Be able to understand an audio recording.

Be able to understand most Arabic texts.

Discuss the grammar of the Arabic and Albanian languages;

Present critical thinking on linguistic issues that he/she believes need such an approach.

Translate texts from Arabic into Albanian.

Be able to practice the acquired linguistic knowledge where given the opportunity.

Teaching methodology:

The teaching will be conducted in the form of lectures, stimulating students in interactive discussions, asking questions and analyzing within the framework of the lecture.

The lectures will be accompanied by visual aids, through projectors found in the classrooms. Various seminars and essays will also be held, which will be presented individually but also in groups, and self-assessment tests.

Students also have the opportunity to contact the professor during the preparation of the course and receive instructions in order to achieve quality and results in learning and student success.
